PRESS RELEASE

VenueQuest Selects Cvent Supplier Network for RFP Distribution

Commitment to Strategic Meetings Management and Sustainability Guided Decision.

For Immediate Release

ATLANTA, GA – VenueQuest, a leading meeting and travel management company, has recently chosen the Cvent Supplier Network as its preferred global venue search tool and Request for Proposal (RFP) distribution channel. The Cvent Supplier Network is a free site selection service that includes comprehensive profiles for over 100,000 meeting hotels, conference centers, and special event venues worldwide. All VenueQuest associates will now use the Cvent Supplier Network to send electronic RFPs to source meeting hotels and event venues for their clients. Some current and past VenueQuest clients have included large international organizations, Fortune 100 companies, sports teams, numerous associations, and all major branches of the United States government.

“We are thrilled to have partnered with Cvent for all of our RFP distribution needs,” says Angela Gennari a Certified Meeting Professional and Chief Visionary Officer at VenueQuest. “We anticipate being able to significantly decrease the amount of time that our agents spend in creating and sending RFPs, which will allow us to focus more time and effort on strengthening our relationships with our clients and vendors. VenueQuest and Cvent are both committed to elevating the meetings industry standards, so it is with this shared enthusiasm and optimism that we seek to develop better, more efficient systems that will prove invaluable to clients worldwide. With our focus on strategic meetings management and environmental sustainability, this partnership will enable VenueQuest to meet our strict guidelines and goals through a more efficient, online management tool, eliminating the need for printed RFPs, sales kits and proposals.”
